

# Performance Improvement Coordinator

Our Lady of Peace is a non-profit residential hospice that provides care and compassion to adults with a terminal illness. We have a beautifully remodeled campus in Saint Paul with 21 beds, and we do not charge any cost to the families. Our dedicated care teams work closely with patients and their families to develop an individualized care plan that suits their needs.

Our Lady of Peace Hospice is hiring a 1.0 FTE benefit-eligible M-F daytime position at Our Lady of Peace. This position seeks a registered nurse responsible for oversight of all quality activities of the organization (residence, community hospice, and community home care). The Performance Improvement Coordinator has accountabilities for the monitoring, implementation, and evaluation of processes and programs to meet regulatory standards of practice. They lead the QAPI (Quality Assessment and Performance Improvement) Committee and also take on additional RN leadership responsibilities (eg. community admissions, hospice consults, etc) on the community hospice team.

*Our Lady of Peace is committed to diversity, equity, and inclusion. Our Lady of Peace is an Equal Opportunity Employer and will hire the most qualified individuals without regard to race, color, creed, religion, age, gender, sexual orientation, disability (mental or physical), communicable disease, place of national origin, marital status, familial status, membership or activity in local rights commissions, or status concerning public assistance as required by state and federal law.*

## COMPENSATION

- Hourly wage of \$47-\$48 per hour
- Day Shift M-F
- Full benefits

## RN Requirements

- **Registered nurse** with current licensure to practice professional nursing in the State
- Bachelor's degree preferred in Nursing from an accredited program by the National League for Nursing.
- Three (3) to five (5) years of clinical nursing experience. An emphasis on home health care and/or hospice nursing is preferred.
- Excellent understanding of performance improvement, quality assessment, and utilization management.
- Is self-directed and able to work with minimal supervision.
- Has excellent coordination, communication, and organizational skills
